**ISDT - Q6 Pro Batt Go 300W 14A
Pocket Lipo Battery Balance Charger**

£49.99

Power Supply

Lantian 24V 16.1A 400W

£29.21

**ISDT PC-4860 1-8S Safe Parallel
Board XT60 CNC Parallel Charging
Board**

£53.16

NOTE: this charger uses XT60 connectors, useful for smaller lipo packs but if charging 5000mAh packs you will need an adaptor cable (XT60 > < a more substantial connector fitted to your 5000mAh pack).

You will also need charge leads to connect your lipos to the balance board. We make these to order using whichever connectors you have fitted to your lipos.
